WHAT IS THE PEACE RESOURCE CENTER?

The PRC is a member-based community clearinghouse of information on peace and social justice issues and activities.

By promoting networking among peace-related organizations, offering nonviolent alternatives to conflict resolution and carrying on a program of peace education, we provide an ongoing presence throughout San Diego County.

Founded in 1980 by six local organizations committed to peace, the Peace Resource Center now has over 40 member organizations and hundreds of individual and family members.

Membership is open to all individuals and organizations guided by the principles of nonviolence, tolerance, compassion and respect for diversity.

THINK GLOBALLY, ACT LOCALLY

Peace is more than the absence of war between nations. Working for peace is a way of life that recognizes the value and sanctity of all life, and actively seeks ways for us to live in balance and harmony with each other and the planet. Violence, injustice and environmental degradation are plagues that undermine the quality of life of the world’s inhabitants every day and threaten humankind and the planet with ultimate extinction.

Working together to create real peace for all is the most important goal for humanity. By becoming a member of the Peace Resource Center, you can join the community of people in San Diego working for systemic change peacefully.

Volunteers: With limited staff, people who give their time to us are the backbone of our work and our lifeline. Assistance ranges from simple office tasks like stuffing envelopes to deeper commitments like serving on our Board. You could help update our resource library, help out at info tables and events, participate on committees, and more. Please contact us about your interest!

Join the Board: Consider joining the PRC Board- working with like-minded people to carry out the vision and goals of the Peace Resource Center!
